

Are you on the Right, or the Left?

The kingdom of God is a little bit like when you purchase a car. If you don't know anything about the car then you don't do anything except just get in and drive it. You don't change the oil, you don't check the oil, and you don't pay attention to any warnings because it's supposed to last for two hundred thousand miles. At the end of twenty thousand miles the oil light goes on because you never changed the oil and the oil is gone. You ignore the light because someone told you the vehicle is supposed to go two hundred thousand miles without any major issues. So you go down the road and your engine clunks out. You go back to the dealer and say, "My engine only went twenty thousand miles and you said it would go two hundred thousand." The dealer would say, well, bring your records in and show me that you changed your oil according to the instruction manual. And you would say, I don't have any records because I didn't do anything. Then he would tell you because you didn't perform proper maintenance your guarantee for two hundred thousand miles is null and void. It's the same way with God. The manual for the earth is the Bible. He's not trying to be bossy over you; He's trying to tell you what you need to do to successfully accomplish His will upon the earth. And if you don't do that, your guarantee of a good future in Him is gone. It doesn't exist anymore.

And so let's look in Matthew 25:31, *When the Son of man shall come in his glory, and all the holy angels with him, then shall he sit upon the throne of his glory:* The glory is the things that He is and has done and owns through His labor. Verse 32-33, *And before him shall be gathered all nations: and he shall separate them one from another, as a shepherd divideth his sheep from the goats. And he shall set the sheep on his right hand, but the goats on the left.* Now, we have a choice to make and the scripture that I read has to do with every person's life that ever has and ever will exist upon the face of the earth. There is no other choice. You have one of two ways to go. Two roads. One that leads to eternal life and the other that leads to total destruction. And there is no other place to go. You choose one or the other. And so you as a human being, have to make a choice what it is you're going to do. You either serve the Creator and do what His manual says to do to have favor with Him, or you obey the other kingdom, which is lucifer, or satan, and you do what he says to do. Those are the two roads. And Jesus said broad is the way which leads to destruction but narrow is the road and few there be that find the way to eternal life. But Jesus said, I've come to bring a sword. You thought I came to bring peace, but I didn't. I came to bring a sword and to divide those who want to obey the Bible, which is the instructions for the creation of this world, from those who don't. Just as there is an instruction for the car that you buy or the implement you buy, if you're a farmer. You read the instructions and you follow them. More people are faithful to check the oil in their car than they are their own lives to their eternal destiny. And the reason is because most of them know that if they don't change oil regularly they will destroy their vehicle and it costs a lot of money to replace the engine, if it's even worth doing that. If it isn't it goes to the junk pile. But if they would realize that their eternal destiny is at stake, then they would spend time in the instructions to do what is needed to be done to gain eternal life. But here, now, is a junction point and we as a nation are at a junction point where the red light is still on; the oil has not yet been changed. God is moving in this nation but we must change and get the old out so that the new can come that we might once again have a nation according to the constitution.

Then it says in verse 34, *Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world:* Now, it says in verse 33 that He set the sheep from the goats, and the sheep are on the right hand and the goats on the left. And so the sheep represent those that follow the instructions of the Creator and the Creator is pleased with them. It says, the king shall say unto those on the right, those who are the sheep, come you blessed of my Father, you're going to inherit the kingdom that God prepared for those who would follow the instructions the Creator gave before the foundation of the world was even made. He already set what He was going to do back then. And so He judged the whole world before the world was created, by an instruction manual, called the Bible. That's how important the word of God is. It doesn't matter how much man

says or how much man tries to say this is what we need to do to have eternal life, if it isn't the Word of God. He is the Creator of this world, therefore He's in charge of it and He set up the rules that you don't understand. Just like most people don't understand about a car. There are so many things, so many factors in a car that most people could never work on it.

Then it says, in verse 41, *Then shall he say also unto them on the left hand, Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels:* Now, those on the left He calls goats. And you have to understand the character of a sheep and the character of a goat to understand that He likes the sheep and doesn't like the goats. You have to train them to lead. If you would put a rope around a goat's neck, and pull it with a riding lawn mower to train them to walk behind you, you would strangle them because they would resist and keep resisting even though they are dying, until they are dead. Now, in the instruction book called the Bible, Deuteronomy chapter 28 gives you the blessings of God and the curses of God. Now the curses aren't Him standing there cursing you. No, the curse is, it won't work. Just like if you ignore your oil in your car and it runs dry, it's not going to work. That's all there is to it. It's not going to work. And so, we as a nation have become the tail and not the head. We owe trillions of dollars. That's the tail. That means there is a curse upon this nation. And the reason there is a curse upon this nation is because we're trying to push the Creator out of our lives from showing us how to live in harmony with His creation. Now, is it that hard to figure that out? Then what is it that mankind is doing to bring a curse upon our land? There are people who want to push God out of everything they can. The most wicked organization in this nation is the ACLU. They want to push God out of everything. They are by far the most wicked and most violent and most bitter people. You see, the further you get from this instruction book of the creation, the more the curse comes on you, and the more the curse comes on you the more bitter you become, and the more you become like the kingdom of satan, who accuses, who tries to destroy everything that God has put together and is just rebellious. That's why He says, depart from Me, I'm going to burn you up because you don't follow instructions. I have something much greater yet than this world that is coming. You can't even think or comprehend what I have for you, and if you're going to destroy it I don't want you there. If you can't follow the instructions of My creation, how are you going to follow the instructions of what I have for you in the future? And so, He said I'm coming with a sword to divide those who want to be with Me forever and those who don't. And so we have that dilemma over our nation today.

Now, we know that there are only two kingdoms. You're either a sheep nation or people, or you're a goat people. You're either going to go to eternal damnation or you're going to go into eternity with God. There is no other choice. So we have a nation today that is divided. Some want to follow the instructions of the Creator. The others want to destroy it so they can please their flesh and do whatever they want, which is the way satan is. Satan thought he could take over God's kingdom and everything He has and made. But satan forgot one thing. He was created, not the Creator. There is a big difference, and I'll show you that in a little bit.

Let's look at Galatians 5, starting in verse 19, This is what He has come to divide: *Now the works of the flesh are manifest,* The works of the flesh are manifest that you can discern who these people are. You're not to judge somebody by who you think they are, but when they do a work, or they bear fruit, they manifest what that fruit is. I can tell you what an apple tree is by looking at the leaves. Some people have to look at an apple tree when it has fruit on it, and say, I think that's an apple. If you don't know what the fruit of wickedness is, you will have a standard of the world of what people tell you is ok and what isn't. But it's only from the instructions that really counts. If you don't follow the instructions from the instruction book, your guarantee is no good. It's not worth anything. And so, back to verse 19-20, *Now the works of the flesh are manifest, which are these; Adultery, fornication, uncleanness* (which is, everything they do is to please themselves), *lasciviousness* (which is, wanting other people's things. Are there people in the United States who want to take that which someone labored for and give it to those who don't want to labor? That is taking from someone else what is rightfully theirs and giving it to someone who doesn't want to do anything. That is the fruit of satan, because that's what he does.), *idolatry,* (serving other gods), *witchcraft*

(knowing the depths of satan to get people to work for you so you don't have to do anything but they are laboring for you. Are there any people in this world who do that? Yes, pretty near half of our nation is that way now.), *hatred, variance, emulations* (or, bitterness), *wrath, strife, seditions, heresies* (speaking about things that aren't true), Those are all symptoms of satan. Then it goes on more, verse 21, *Envyings, murders, drunkenness, revellings, and such like: of the which I tell you before, as I have also told you in time past, that they which do such things shall not inherit the kingdom of God.* Alright, if they don't inherit the kingdom of God, then those are the ones who are the goats. They are the ones who are on the left. Is that correct? That would be a correct assumption. Those that are goats will not enter the kingdom of God. And then he says, in verse 22-23, *But the fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, Meekness, temperance: against such there is no law.*

Now let's go back to our automobile. If you take care of it, you keep it clean, you change the oil, you grease the zerks, and you drive in a manner that you don't scratch it and you don't bang it all up, then there is great joy in driving that vehicle. It will go a long way and you can have it for 5, 6, 7 years, drive it two hundred thousand miles and it will give you almost no trouble. Unless you enjoy sitting on the side of the road with your hazard lights on waiting for someone to haul it off to get it fixed. That's what happens to the goats. They are always in turmoil because of rebellion against what it takes to have joy and comfort and all of the attributes of God. When you live in this world in a right manner you can have this. Not only you, but your neighbors. When your neighbors are trying to destroy you, there is no peace.

See, there is a great battle in the ten commandments. And the reason there is a battle is because there are those who don't want to serve or obey the laws of the Creator. They are even trying to teach people that there is no Creator. That earth just happened to be, and then they conjure things up that they have to somehow save this creation. They can't even save themselves, let alone the creation, because they are in rebellion. Rebellion brings confusion, turmoil, and something else. That something else is, when self-centeredness is in you, which is who satan is, he causes division and he causes people to not be equal. There is no justice in the land. To be just is for you to have a right to do what I do, and I have a right to do what you do if I want to. But for someone who is self-centered, it's ok for me to do it, but you can't do it. That's satan. And the further you get from these commandments, the more rebellious you become and things like thou shalt not steal, thou shalt not covet, and shall not lie, you get so far from that, that your standard is for yourself, I can do it, but you can't. And if you get a people together that say, we can do it but the rest can't, you have great conflict. They're trying to convince you they love the common people, but they don't. They love themselves and use other people to get what they want without having to do anything. Now, is that justice? There isn't anything in that that is justice. Nothing. In fact, it's extremely wicked and it's not hard to see because it manifests the fruit of that tree. And then at the end of this it says, verse 24, *And they that are Christ's have crucified the flesh with the affections and lusts.* People who get up in the morning after a night of drinking and having fun then can enjoy throwing up and all that goes with it. The affections and the lusts they went through the night before need to all be crucified, because it doesn't bring peace and quietness to anyone. So if we live in the Spirit of love, joy, peace, longsuffering, and obey the laws of the Creator, then we can live in great joy, and the Ten Commandments bring that. But those who don't want to follow the instruction manual want to destroy everything that tells them how they should live upon the earth. Then they can go out and do what they want to, abusing people and making them peasants to labor for them so they can be a king. Our forefathers lived in that in Europe. They came to the United States of America and they decided to serve God. They even put it on our money; we don't trust in money, we trust in God, the living God, the Creator. Not some allah, not some buddah, it's the living God that created the earth. The One whose Son came and died for our sins and rose again. The only one who rose from the dead to defeat satan, because when man sinned then death had to take its place. Jesus came and took that place for it, so that if we live in the Spirit, then we live in that joy and the lifestyle of being in unity with the Creator and the way that the earth was designed to work. He said we need to walk in it; that is, treat other people in the same manner. Verse 26, *Let us not be desirous of vain glory, provoking one another, envying one another.* Walking in vain glory is

wanting a legacy to follow them after they are gone. Their whole purpose is so when they die that people will say, "That was a great man." But that won't get you anywhere with the Creator. It doesn't matter what man says after I'm gone, the only thing that matters is what the Creator says about me. I want Him to say, "Well done. Enter into the kingdom that was prepared before the foundations of the world were made." That's what I want. And that's the only thing that counts.

In I John 5:4, *For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith.* You say you can't overcome the world? Then you don't have the power of God. You're not following the instructions. For whatsoever is born of God overcomes the world. Now, how do you overcome the world? The very first step to be able to overcome the world is to know the rules and regulations of this creation. You can't do it by sitting down and having a town hall meeting as to what we should do. You have to get with God and find out how He made things so that you can overcome the things that are not being done right. Now doesn't that just make sense? A little? Alright, then we have to overcome it. But we have to know what we have to overcome. We have to know what the signs are, and the fruit of disobedience is. And we have to know the fruit of those who follow this creation manual, how to enjoy what He created. So the first thing that Jesus has to do is to divide those who want Him and those who don't want Him. Then He can teach the ones who want Him the rules and regulations of His creation so they can have joy and happiness. But He had to come first and divide it. And you do to. Those who are walking in rebellion, you have to get away from them. How are you going to overcome if you're going to sit in the same seat with someone who is fully rebellious and doesn't want God or anything about Him and just has their own vision of how everything ought to be?

Let's go to John 8:12, *Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life.* Now, this is a real key verse for your success. That is, Jesus said, I am the light of the world, the light of men, and if you don't have any light you walk in darkness. And in darkness the only way you can see is by feeling. And so Jesus said, if you allow Me to come and live in your heart, I will show you how to make it as an overcomer because you'll be able to see your enemy. You'll be able to see what is wrong with this world. You'll be able to see the fruit of people who are doing that which is not according to the manual the Father God wrote to His people. So the first thing you have to do is receive the light of the world in you, who is Jesus. And then you'll not walk in darkness like the rest of the people do. Those who don't know the word of God walk in darkness and don't know where they're going. Their flesh leads them, who is the devil, because the flesh falls into sin and from that point on, the flesh can never be pleased. It can never be satisfied. As flesh grows it keeps getting worse and worse and worse, so the goat, which is those on the left, gets uglier and meaner all the time. The further you go to the left the more mean and ugly and wicked you become. You set one standard for you and a different standard for everybody else. I can do this, but you can't. Now, if that is the fruit of being a goat or being on the left of God, what is it called today, those that are on the left and those that are on the right? Ouch. A perfect description of liberal. To be liberal means you are liberal with the laws of creation, because that's all there is. If I walk in rebellion to the laws and rules of the creation, (remember God's not trying to own you and be bossy with you, He's trying to help you have a good life and enjoy His creation while you are on the earth), then I don't want a nice life. I want to do what I want to do. Then I'm a goat. And He says, I'm going to destroy you. Now, after I've said that, your oil light went on. You'd better check your oil because your engine is about to blow up.

Now what is the light of life? Let's go to Ezekiel 28. Ezekiel talks about satan, who he was, and how he tried to take over God's kingdom; everything God created and made. He says in verse 16, *By the multitude of thy (lucifer) merchandise they have filled the midst of thee with violence,* They were cheating. Satan was trying to take over God's kingdom so therefore he was cheating God and trying to build his own empire. And God called it violence that satan was doing. That's what the far left is doing. They are in violence. Everywhere violence breaks out, they are in the middle of it. The reason they're in the middle of it? They're trying to take over something that doesn't

belong to them. That is the principle of lucifer. *And thou hast sinned: therefore I* (God the Father), *will cast thee as profane out of the mountain of God:* Now, what is the mountain of God? Well, in heaven, there are two mountains, one is bigger than the other, that stand behind the throne of God. And that mountain is where all of the information of everything that He has created and made exists. My name is in one of those two mountains. There are many millions and billions and trillions of megabytes up there. What I'm trying to say is, even the hair on your head is recorded there, according to the Bible. He has a computer that is second to none. And He records all your thoughts, all your actions, everything you've ever done, and when you stand before Him in one second He'll flash that record in your mind and you will know who you are because you stand in His light. You will see clearly who you are and there will be no arguments standing before the Lord. That light will expose who you are and it's over for those who are goats. Then they will do what Jesus said they will do, and that is, send them to be destroyed. And your fleshly life that took you over will carry you to be destroyed and never have the opportunity to live in the realms of the Creator. We're finding that there are millions and millions of galaxies beyond. God knows everything that happens. That's how He knows all things, but He doesn't know what you are going to do. He knows how He made you to be and what you were supposed to do, but if you don't do it, it won't get done by you. He'll have to choose someone else to do it, but it will get done. Because it's the word of God, it will happen the way God says.

When you plant a kernel of corn in the ground, in that kernel I see an ear of corn. When the time comes, that ear of corn will come right out of that stalk. It will shoot one leaf and then the ear, and then the fruit. It comes because there is a tassel up there that sheds pollen. Each kernel of corn has a silk that comes out and takes that life from the tassel and goes into that kernel. That kernel grows and it becomes life. It's quickened by the word of the Lord.

Now, the next thing Ezekiel says is he's going to kick lucifer out of the mountain of God, *and I will destroy thee, O covering cherub, from the midst of the stones of fire.* At one time lucifer was a protector. That's why he was at the mountain of God. He protected the knowledge of all of creation that was in the mountains. He was there as a protector of it but he was trying to steal the secrets of all creation. So God is going to remove him from the midst of the stones of fire. Now what is that? Well in heaven, there are the mountains behind the throne of God, and in front of the throne of God there are twelve fiery stones that are like nuclear energy. They are like silos that go deep in the ground and come up four or five feet above the ground. They are rounded and they glow like coals of fire because it's liquid energy. And there are twelve of them. That's why number twelve is a perfect number for government. Because all of creation, all of the mass that is in the earth is created out of those twelve different types of energy. And those different types of energy make up all mass. The thing about it is that God took three parts of number one stone of fire, and then two parts of this one, ten parts of that one, one of this one, half one of that one, and mixed it together, and that is what that mass is made of. You then have millions of masses by the twelve different stones by mixing and matching and making what God created. So all of His formulas are in that mountain, and that's what satan wanted to get. We have twelve. But science has discovered that there are thirteen energies that make up the entire world. And for a long time I've wondered, where does the thirteenth energy come from? But I found it.

Let's look in Genesis chapter 2 verse 7, *And the Lord God formed man of the dust of the ground.* Ok, all of the earth has been made by energy. Everything is energy, and that energy creates mass. Some masses are looser, some are more tucked together. Stones are tight, sand is more loose. We have all kinds of mass on the earth that is made up from the twelve sources of energy. And the thirteenth one is about display himself in this verse, because God took the dust of the earth and put it together and made man. He made the man out of the dust of the earth, which are the masses of the twelve stones, and then it says, *And breathed into his nostrils the breath of life; and man became a living soul.* So the Spirit of God that was in the Father breathed life, the thirteenth energy. It was in the Father. Only the Father can bring life. No one else. Nothing else. All of the energies that are out there, of all the different formulas, none of them can give life. Only God gives life. The rest of the energies only support life. So we have scientists who are trying to cause this creation to disobey God and obey them. They can't do it because the only way

life can exist is if it comes from God. Now, what they are trying to do is take the fetus, sell it to scientists, and let them take the parts, like a heart, and that heart has the life of God in it. It has in it the word of God that brings life and it has a command for the heart. That heart muscle does a certain thing. Every cell is assigned a duty that from the time that the baby was conceived in that egg in the mother, it grows until it comes out into the world. Then it goes through the processes of being able to survive in this world. The mother's milk has nutrients that keep them from getting disease and sickness. It puts energy into them that creates heat so they can stay warm, and all of the mechanisms change from being fed to producing. It's an amazing thing that takes place. And that comes from the commands of the word of God. And so they take that command from a little baby that has a heart with that commandment in that tissue, they take that tissue out and put it in the same place over in somebody else so that the word of God that has commanded those tissues to do a certain thing do it. They think they are doing a marvelous thing. No, they are just transferring the word of God to something else and trying to make it work. What is cancer? Cancer is simply the flesh losing the word of God. And God often gives us physical examples. Before the flood, the earth was not violent. There were no storms; no thundershowers, no tornadoes, no hurricanes, or anything like that. But after the flood, because of the violence of man, He changed the conditions of the earth so that it became violent. We have hurricanes and tornadoes now, not because God wanted it, but because of the rebellion. God said, if you want to live in that I'll give it to you. So the hurricanes that are coming in are not coming from global warming, they are coming from the sins of people.

And so God brings judgment. This is My earth. Just like it's your apartment, it's your house. This is My planet. This is what I created and if you are not going to obey and listen, I'm going to remove you from this earth. Do you think He will do it? Look what the far left does. The far left in our political scene is the same as the left in the Bible, because it's the same fruit. They want to kill babies in the womb. They want to kill them. That's terrible, because it says in the Bible that the souls of man are the fruit that God will reap from this earth. In other words, the main reason God set up this world was to test those who would be faithful to Him and still have the right to choose for something that is much better than what we see on this earth. That's what the Bible says. And my wish is that everyone would be able to do that. But the Bible says there will only be a few that make it. They can't overcome their flesh. Their flesh takes them over.

Isaiah 40:2 *Speak ye comfortably to Jerusalem, and cry unto her, that her warfare is accomplished, that her iniquity is pardoned: for she hath received of the Lord's hand double for all her sins.* Isaiah's issue is that there has to be a people who are overcomers. One's who do warfare against their iniquity, or the sins that come from satan, and know the depths of manipulation and self-centeredness and all those things that are in your life, to do warfare against them to get them out of you so that you can take on the kingdom of God. Then instead of living in turmoil you're living in the joy of the Lord. Verse 3, *The voice of him that crieth in the wilderness, Prepare ye the way of the Lord, make straight in the desert a highway for our God.* The desert is a place where there are few people. You're alone. This is a place where you're alone. God is making a highway, and the people who make the highway are the intercessors who fight against the iniquity of this land. Those are the people who know what is going on. You don't fight something you can't see, and you can't see something unless God opens your eyes to see it. Now, Isaiah was speaking about John the Baptist. But it's also speaking about in this day. John the Baptist was the Spirit of Elijah, and in the last day there will be the spirit of Elijah that will come back and do the very same thing that John the Baptist did to prepare the way for Christ to come back. Verse 4, *Every valley shall be exalted, and every mountain and hill shall be made low:* Now, we've seen since the middle of the summer God begin to blow and bring forth a whirlwind. A whirlwind comes and blows away the deceptions; blows away the people who hide behind certain things, and they're laid bare. Everybody sees who they are. Now, it says the mountains, those are the ones that have the greatest power; the government officials, the ruling class. He's going to pull down the mountains. David says God laughs at the wicked, and I can say that I saw God laugh since this summer until after the election. I saw Him laugh at the wicked. Because He brought forth, through WikiLeaks, the wickedness of our government and our

media. And He had a very good laugh. They would have destroyed anyone they knew who was doing this. But they couldn't find them. They couldn't stop it. And it just kept leaking out and leaking out and leaking out, and exposing the wicked that want to destroy this nation. Now, they want to destroy the nation. Let's just look...WikiLeaks...a name always tells you something. What is a Wiki? Well, a wick is what goes in an oil lamp. You fill the bowl with oil, and when you put the wick in it pulls the oil up into the holder and you adjust the wick as to how much you want it to burn. It will burn and shed light so that you can see. So a wiki is taking the energy out of the bowl, bringing light, and exposing what is in the room so that you can see. And that's what happened. Only the wicked didn't know where the wiki was at or from. They were doing all kinds of things and hiding it and God gave someone the ability to pull out all of their little secrets and express it before the whole world. He had a good laugh. He was laughing every day somebody, His servant, was exposing the wickedness. And you know, those exposed never talked about the wickedness of what they had done, they were just trying to find out who was stealing their secrets. They should have been on their face repenting, but they didn't. That's how wicked it was. The reason they didn't repent is because they had a standard made by man and satan. Oh yes, they were rebellious to the point that said we can do this, but nobody else can do it. And everything they touch they pollute. Even the FBI. What is there left? Nothing. Except God exposed it and He's pulling down the mountain.

Next, He'll pull down the hills. Those are the corrupt, who lived off of government, which is our labor, so they could live high off the hog, as the saying goes. They're going to be pulled down. And then after that those who are humbled will be lifted up. It says they are going to make the highway straight. In other words, you're going to get on the highway and you're not going to go to the left or the right, you'll go straight. So if your destination is hell, you're going straight to hell. If your destination is God, you're going straight to the kingdom of God. It's going to be straight. And it says here, *Every valley shall be exalted, and every mountain and hill shall be made low: and the crooked shall be made straight, and the rough places plain: And the glory of God shall be revealed, and all flesh shall see it together: for the mouth of the Lord hath spoken it.* Everyone is going to walk on this path, and by the time God gets through with this whirlwind everybody will walk on the same plain, the same level. God doesn't deal with the high and mighty one way, and the poor and down trodden another, He treats everybody the same. That's why our constitution is so important, that everyone is treated the same. But wickedness in high places does the opposite. They become kings over the peasants. God says, and in the laws that we have, that are in heaven, that was made here in the constitution, He said what is agreed on earth is agreed in heaven. What was agreed on earth? It was that we're going to serve one God, and in God we trust. We have a banner. And that banner is the flag of the United States of America. The white stripes on it represent the purity in which God causes His people to walk. The red is the blood of two things; one is, the most important, that Jesus died for our sins to make that stripe white, and the other is that because God has been in charge of this nation it is a place, a haven of the world, for those who want to live in peace with the Creator. That was what this nation was established for, and yes it is a peculiar and different nation than across the world. It's different than any other place. That's why we have the eagle that flies above the storms, that flies above the things of this world. If we served God we would be an eagle nation and we would be above the storms. No other nation has ever come into the United States because we were an eagle nation. They are trying to do it now, but we still have time to push out the enemy, the devil, so that no nation ever comes and puts foot on this soil as a foreign power.

Now, those who cry out for peace and justice, but live in the realm that I just talked about with the far left, your peace and justice is violence. It's not the kingdom of God. The peace and justice that you are demonstrating and trying to force people to come into is of the devil. The devil forces you. But those that are sheep have the attitude, if you want to live that way you can, but I choose the Lord.

Let's go back to John 8. Verse 42-45, *Jesus said unto them, If God were your Father, ye would love me: for I proceeded forth and came from God; neither came I of myself, but he sent me. Why do ye not understand my speech?*

Even because ye cannot hear my word. Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. And because I tell you the truth, ye believe me not. Alright, those who are serving the devil will have a hard time understanding what I'm saying, because their standard is a standard of the wisdom of man. God laughs at the wisdom of man. Mans' wisdom doesn't understand that God wants people who are obedient. Because I have overcome, in five minutes I can tell a person by the authority in which they walk if they are serving God or serving satan. Serving satan is chaff. It has no strength, it has no value. Our president for eight years tried to be tough and tried to speak like he had great authority. He couldn't do it because he's been rebellious all of his life. One that speaks truth can speak it in minutes, if not seconds. But what I want you to do is this; the light has gone on in your engine. The oil is almost gone or is gone. You'd better examine your engine and find out what's wrong with it. Instead of what people say, go to the manual yourself and find out what it says you need to do to walk in joy and happiness, and to have peace and justice upon the earth. The goats are on the left, and the further left they become, the more violent they become. Those who are on the right walk in peace. I'm not talking about democrats or republicans. Republicans are so strong and so brave that when Trump got hit with the devil's accusations they picked up their skirts and ran from him. He had to fight the republicans and the democrats. I want to tell you one thing, Jesus said that the prostitutes are going to make it to heaven before religious people. Religious people don't have any power. The church today has no power. The black lives matter has more authority upon the earth right now than what the church does. The church wears skirts and they pick them up and run when something happens, instead of standing up and saying, this is wrong.

Let me just read to you what our new president elect said he was going to do. He said, "I want this nation to be one people..." To be one people means to embrace the constitution so that all people have an equal right, not to get welfare, but to have the ability to start your own business, commerce, to do what you need to do to provide for your family who you are responsible for. I'm not responsible for your family, you are. You created the mess you're in, get out of it! The only way you can do that is to go to the cross and die to your self-centeredness, to choke off the lust of your flesh so that you might be saved. God would then quicken you like He quickens all things by the breath of His life, that you might have life forever. It only comes from Him, and only He can do it. And then Mr. Trump said, "...under one God..." "One people under one God." That's not allah, that's not buddah, that's one God. And that one God is the Creator who gave us an instruction book that we are to follow, and if we don't follow it, He will dispose of us. But you have the opportunity to live with Him forever. This nation has an engine without oil, and it will be destroyed if things don't change. But I believe that things have begun to change. I believe that WikiLeaks is a miracle, because nobody could stop it. When God does something, you can't stop it. And when He goes to the next level of tearing down the wicked, you can't stop it. And then the last thing is "...saluting one American flag." I talked a little bit about the white and the red. But there is also a blue up in the corner. Blue represents the sovereign God, and in that blue are the white stars representing states, each one having the sovereignty with God around them. Not the United States judicial system of terror that we have experienced in the last eight years. But that we have a sovereign right to be with our Creator. And our president elect said, that's what I want. "One people, under one God, saluting one American flag."
